

AM/LASH/1

MEMORANDUM FOR THE RECORD

24 July 1964

To: Mr. Armstrong, BOB

Subject: Angel Luis FERNANDEZ Ruiz - "El Ingles"

During the meeting with AMSHIP-1 on 22 July, I asked him whether he knew "El Ingles". He said "Yes" then wondered whether we were thinking of getting in touch with him. I said "No, his name came up in connection with Trancones, and we were wondering whether he was, by chance, a friend of AM/LASH-1, since we had noticed the tendency in LASH's group to use nicknames - "El Suave" - "El Mago" - "El Loco". AMSHIP said that "El Ingles" was a friend of AM/LASH-1, and that the latter had stayed for 4-5 days with El Ingles/when he was in Paris circa June 1963. He added that he was a nice man, but one "full of complexes". Queried, he explained that he meant personal complexes, nothing bad, but that he was just not a serene person. He expressed the opinion that he was "good", that he knew nothing bad about him.

The above may help to explain some of the erratic ICPLUTTER reactions. In addition, due to Trancones' talkativeness, it may be possible that El Ingles knows something of AM/LASH's plans, and may fear to be asked about this subject.
